A thousand thanks and blessings to my daughter Jasimne for the loving support of all my projects; to my friend in Fort Collins, Colorado, as all my friends and family worldwide.

Special thanks to Pepe Chiriboga and his partner Carla without whom this CD have been produced. Pepe’s expertise, patience, personal and professional skills are unmatched by anyone I know.

To my friends and talented musicians; Pepe, Ramachandra, Estrella, Pauchi, Miguel without whom the music will not be as beautiful without. To my friends, students and my extended family in Peru, un beso y un abrazo grande.

I love Peru, it is my second homeland, country of re-birth. May all being attain self realization. There will be peace on earth and it will begin with me.

Om Shanti, love peace and light. Kunda Grace Marie
